Designed for high-standard touch applications, the TouchSystems TE 15" Open Frame touch display is perfect for kiosks, touch tables and public spaces. Featuring 5-wire Resistive technology, the TouchSystems TE 15" Open Frame is also HID compliant, making integration with thin clients or computers a breeze. Utilizing industrial grade components, this rugged open frame features a dust- and splash-proof bezel design—creating a reliable and durable touch solution.

### Self-Service

Designed for high-standard touch applications, the TouchSystems TE 15" Open Frame can withstand heavy daily use.

### Kiosks

Easily integrated into existing or custom enclosures, the TouchSystems TE 15" Open Frame is an elegant, economical solution.

### Public Spaces

Attractive elegance and rugged durability make the TouchSystems TE 15" Open Frame an ideal solution for high-traffic public spaces.

### Industrial

Rugged and reliable, the TouchSystems TE 15" Open Frame boasts a dust and splash-proof bezel design and utilizes industrial-grade components.

### Customized

Fully customizable, the TouchSystems TE 15" Open Frame features rear VESA mounting and side mounting holes, providing various mounting options to meet your needs.
